

EM UB, 40

Electronic module of proximity fuze

TECHNICAL DATA:

- | | |
|----------------------------|--|
| • Operational mode | proximity, impact (super quick),
backup impact (super quick), default self destruction time |
| • Caliber | 40 mm |
| • Height of burst | distance from target (0 to 7) m |
| • Electronic blocking time | 0.4 s |
| • Time of burst | default self destruction time 14 s |
| • Power supply | Ampoule battery |
| • Shelf life (min) | 15 years |
