

# TMA-4

## Antimagnetic anti-tank mine

It is intended for incapacitating and demolition of enemy armored and other combat and transport vehicles. It has a destructive and penetrating effect.

### TECHNICAL DATA:

• Dimensions	Ø 285 x 110 mm
• Mass	6.3 kg
• Explosive charge	Cast TNT
• Explosive charge mass	5.5 kg
• Initiation	Through the fuze
• Activation force	100-200 daN
• Step-on area	Ø 200 mm (314 cm <sup>2</sup> )
• Safe operational temperature range	-30°C to +60°C
• Mine laying operation	manual, minelayer
• Transport	any
• Stability of minefield	6 months (the worst conditions)

### PACKING:

4 pcs per packing set  
The set is packed in a barrel.

Dimensions            Ø 330 x 370 mm  
Volume                0.032 m<sup>3</sup>

**UN number 0137**  
**Hazard class 1.1 D**
