

TANK OVERALL

Tank overalls are intended for use by combat vehicle crews. It is produced of special material DuPont™ Nomex® that withstands high temperatures and it is fire retardant according to standard EN531 (A, B1, C1). The overall is equipped with a hidden drag handle on the back for quick pulling the user out of the vehicle when needed (in emergency situations).

The overalls may come with protective cap for additional protection against heat.

Sizes: M, L, XL, XXL
