

DIPLOMAT VEST

The vest is designed for concealed wearing with a view towards increasing the level of comfort while still providing solid protection. The external fabric is a cotton-polyester mix and the vest is fastened at four points by means of Velcro system. Elastic bands at the waist area provide the vest to fit tightly, hidden under the clothing.

Levels of ballistic protection according to NIJ standard 0101.04 IIA, II, IIIA
