

MANAGER VEST

The MANAGER model is intended for use as a formal vest under a suit or other jacket. Seemingly, it looks no different from a fashionable button-vest with two small pockets. The external fabric is a mix of wool and synthetic material. The vest is fastened in two points by means of Velcro system.

Levels of ballistic protection according to NIJ standard 0101.04 IIA, II, IIIA

Optional: Stab resistance according to NIJ STD 0115.00
