

TACTICAL ONE BLOUSE AND TROUSERS

Ergonomic design of the blouse Tactical One makes it comfortable and allows full range of motion. It is compatible with contemporary combat equipment and other elements of combat clothes.

There are two large chest pockets with Velcro loop mounting points for ID patches positioned above them. Front shoulder part has straps for radio devices or handcuffs placement. On the inner back side there is mesh lining for ventilation. There are also ventilation slits on the armpits and along the inner side of the sleeves. Pleated back with additional mesh for comfort and ventilation. Hidden elastic string on the sleeves for height adjustment of the elbowguards.

Sizes: M, L, XL, XXL

Tactical One Trousers are comfortable and provide high degree of mobility. There are front slit pockets (on thighs) as well as front cargo pockets on both hoses equipped with elastic stripes with dividers. Cargo pockets have additional closure with plastic buckles and straps that can also be used for adjusting the height of knee-guards. There are two rear pockets with flaps as well as two rear cargo pockets which can be approached in sitting position. Shin pockets are equipped with segmented elastic tape. Knee pockets for placing knee-guards. Reinforced seat. Wide reinforced belt loops accommodate tactical belts.

Sizes: M, L, XL, XXL
