

# 125 mm

## Tandem shaped charge warhead

### TECHNICAL DATA :

• Mass	3.7 kg
• Warhead caliber	125 mm
• Length with protective cup	585 mm
• Length without protective cup	520 mm
• Tandem warhead	Front warhead mass + main warhead
• Fuzes	Fuze with electronic module
• Penetration of warhead after ERA	750 mm

The warhead is adapted to an UAV based on this principle .
